## EDUCATION

---

**B.Tech in Computer Science Engineering — Indus University, Ahmedabad** June 2027  
Current CGPA: 9.0

## TECHNICAL SKILLS

---

**Languages:** Python, JavaScript, TypeScript, SQL, Java  
**ML / DS:** scikit-learn, pandas, numpy, matplotlib, seaborn, XGBoost  
**Web:** Next.js, React, Node.js, Express.js, MongoDB, PostgreSQL, Tailwind CSS  
**Tools:** Jupyter Notebook, Git, GitHub, VS Code, Postman  
**Currently Building:** 100 Days of ML — public daily challenge (Week 9, Ensemble Methods)

## WORK EXPERIENCE

---

**AI / Full-Stack Intern — IITE, Indus University** June 2024 – Dec 2024

- Built NLP pipelines using Python and NLTK for text preprocessing, stemming, and lemmatisation; explored LLM integration for conversational AI.
- Completed full-stack program covering RESTful APIs, modular architecture, and end-to-end deployment using Node.js, Express.js, and MongoDB.

## PROJECTS

---

**Fix-Risk Predictor — ML System for Commit-Level Bug Risk Prediction** 2026  
*Python · Scikit-learn · GitHub REST API · Streamlit*

- Self-mined labeled dataset from real GitHub commit history (no public benchmark); built a leakage-safe feature pipeline and compared 6 sklearn models across GroupKFold and time-based validation strategies.
- Deployed as a live inference app on Streamlit Cloud; surfaces fix-risk probability and permutation-importance drivers from a serialized model pipeline, with no live API calls at inference time.

**Odoo POS Cafe — (Odoo x Indus University Hackathon 2026 — Final Round)** 2026  
*Next.js 14 · TypeScript · PostgreSQL · Tailwind CSS*

- Offline-capable POS with real-time sync between Cashier terminal and Kitchen Display System; direct PostgreSQL connection, no ORM, for high-performance operation.
- Modules: floor terminal, KDS, admin analytics dashboard.

**RecipeGenie — AI-Powered Recipe Platform** 2024  
*React · Node.js · Express.js · MongoDB*

- Full MERN stack platform generating personalised recipes via LLM API based on available ingredients and dietary constraints; includes nutritional breakdown and meal planning.

## CERTIFICATIONS & ACHIEVEMENTS

---

**Odoo x Indus University Hackathon 2026 — Final Round** April 2026  
**Kaggle Learn — Intro to ML + Pandas + Data Visualisation** Kaggle · June 2026  
**CS50x: Introduction to Computer Science** Harvard University / edX · 2025  
**Artificial Intelligence Internship Program** Indus University · June 2024
